WASHINGTON

LIBRARY DIVISION

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

March 18, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

No. 12

March 25, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON

LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

LIBRARY DIVISION

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books proper, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books registered under the act of March 3, 1905, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2, contains mainly the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. To avoid the inconvenient necessity of searching through 52 alphabets in each year in order to locate any given title, these entries are published in separate monthly alphabets beginning with January, 1909. Group 2 also contains in two separate alphabets the titles for the entries made in Class "D," Dramatic Compositions, and Class "E," Maps and Charts.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

August 5, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; ©, Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

No. 32

August 12, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

September 2, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," Copyright, followed by date of publication; "2c.," 2 copies, followed by date of their receipt.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

No. 39

September 30, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©," stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The books for which printed cards are supplied by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

New Series, Volume 6, Group 1

No. 41

October 14, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

New Series, Volume 6, Group 1

No. 43

October 28, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

November 4, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

No. 45

November 11, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

No. 46

November 18, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

November 24, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The titles for books deposited for copyright registration for which printed cards are furnished to other libraries, are prepared by the Catalogue Division of the Library of Congress. These books are indicated in this catalogue by the printer's number attached to each title, which can be used in ordering the printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

a Books received with informal applications or informal affidavits, or without the registration fee, or without the data required to make the record.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

b Books received with the necessary fee, application and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of such books the manner of handling them in the Copyright Office enables each to be given promptly a registration number, and such books, with a printer's copy card for each containing the full copyright notice, are sent forward for the most part on the day of receipt. These are mostly books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books. Of the 542 books of this class forwarded from the Copyright Office from November 8 to 26, inclusive, 402 were sent up on the day they were received, 107 on the day after, 11 on the second day after, and 22 on the third day after the day of receipt.

No. 48

December 2, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

New Series, Volume 6, Group 1

No. 49

December 9, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The catalogue titles for books deposited for copyright registration for which printed cards are furnished to other libraries, are prepared by the Catalogue Division of the Library of Congress. These books are indicated in the Catalogue of Copyright Entries by the printer's number attached to each title, which can be used in ordering printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

Class a Books received with informal applications or informal affidavits, or without the registration fee, or without the data required in order to make the copyright registration.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

Class b Books received with the necessary fee, application and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of such books the manner of handling them in the Copyright Office enables each to be given promptly a registration number, and such books, with a printer's copy card for each containing the full copyright notice, are sent forward from the Copyright Office for cataloguing, for the most part, on the day of receipt. These are mostly books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books. Of the 972 books of this class forwarded from the Copyright Office from November 8 to December 10, inclusive, 774 were sent up on the day they were received, 159 on the day after, 16 on the second day after, and 23 on the third day after the day of receipt.

No. 50

December 16, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The catalogue titles for books deposited for copyright registration for which printed cards are furnished to other libraries, are prepared by the Catalogue Division of the Library of Congress. These books are indicated in the Catalogue of Copyright Entries by the printer's number attached to each title, which can be used in ordering printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

Class a Books received with informal applications or informal affidavits, or without the registration fee, or without the data required in order to make the copyright registration.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

Class b Books received with the necessary fee, application and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of such books the manner of handling them in the Copyright Office enables each to be given promptly a registration number, and such books, with a printer's copy card for each containing the full copyright notice, are sent forward from the Copyright Office for cataloguing, for the most part, on the day of receipt. These are mostly books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books. Of the 1198 books of this class forwarded from the Copyright Office from November 8 to December 16, inclusive, 985 were sent up on the day they were received, 173 on the day after, 16 on the second day after, and 24 on the third day after the day of receipt.

New Series, Volume 6, Group 1

No. 51

December 23, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Reservation no." signifies the entries for foreign books made under the operation of the *ad interim* act of March 3, 1905, and "Ad int. res." implies ad interim copyright registration, under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The catalogue titles for books deposited for copyright registration for which printed cards are furnished to other libraries, are prepared by the Catalogue Division of the Library of Congress. These books are indicated in the Catalogue of Copyright Entries by the printer's number attached to each title, which can be used in ordering printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

Class a Books received with informal applications or informal affidavits, or without the registration fee, or without the data required in order to make the copyright registration.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

Class b Books received with the necessary fee, application and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of such books the manner of handling them in the Copyright Office enables each to be given promptly a registration number, and such books, with a printer's copy card for each containing the full copyright notice, are sent forward from the Copyright Office for cataloguing, for the most part, on the day of receipt. These are mostly books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books. Of the 1528 books of this class forwarded from the Copyright Office from November 8 to December 13, inclusive, 1281 were sent up on the day they were received, 197 on the day after, 23 on the second day after, and 27 on the third day after the day of receipt.

New Series, Volume 6, Group 1

No. 52

December 30, 1909

This number contains a list of copyright renewals and the volume index

WASHINGTON
GOVERNMENT PRINTING OFFICE
LIBRARY DIVISION
1909

The Act of March 4, 1909, provides that the Catalogue of Copyright Entries shall be "admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries, Part 1, Group 1, containing the titles for books, is printed weekly with entries arranged alphabetically by author, or, if anonymous, by title. This group contains mainly the titles of books for which printed catalogue cards are issued by the Library of Congress, etc., also including the titles of foreign books and books registered under the act of March 4, 1909, for ad interim protection.

The Catalogue of Copyright Entries, Part 1, Group 2 (monthly), contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd-books and other annuals, etc. Group 2 also contains in three separate alphabets the titles for the entries made for Lectures, sermons and addresses prepared for oral delivery, Dramatic compositions, and Maps.

Under the Act of March 4, 1909, in effect from July 1, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this Part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons and addresses prepared for oral delivery; "D," Class D, Dramatic compositions; "E," Class E, Maps; "©" stands for copyright registration, followed by date of publication, and "2c.," for 2 copies, followed by date of their receipt. "Ad int. res." implies ad interim copyright registration under the law of Mar. 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of all the copyright renewals and extensions made for books since July 1, 1909, will be found at the end of this issue, just prior to the index.

The number at the end of each title, after the notice of copyright, is a citation number by means of which reference is made in the index to this title.

The printed catalogue cards published by the Library of Congress may be ordered by the number, printed with a hyphen, at the left and immediately above the copyright notice of the books for which such cards are supplied.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year), for Part 1, Groups 1 and 2, is $1.50 for 1909, and $1.00 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

COPYRIGHT BOOKS FORWARDED FOR PRINTED TITLE CARDS.

The catalogue titles for books deposited for copyright registration for which printed cards are furnished to other libraries, are prepared by the Catalogue Division of the Library of Congress. These books are indicated in the Catalogue of Copyright Entries by the printer's number attached to each title, which can be used in ordering printed title cards.

The books deposited in the Copyright Office divide themselves into two classes:

Class a Books received with informal applications or informal affidavits, or without the registration fee, or without the data required in order to make the copyright registration.

In the case of these books, before any action can take place in the Copyright Office to indicate the registration number, correspondence must be had with the depositors. The necessary letters of inquiry are promptly dispatched, but it depends entirely upon the promptness with which replies to these letters of inquiry are received when these books can be numbered and forwarded for cataloguing. They are, however, commonly the less important works and are not received from the leading or regular publishers, but from occasional depositors.

Class b Books received with the necessary fee, application and affidavit, and these documents in such order that the registration can be promptly proceeded with.

In the case of the books in class "b" the manner of handling them in the Copyright Office enables each to be given promptly a registration number, and such books, with a printer's copy card for each containing the full copyright notice, are sent forward from the Copyright Office for cataloguing, for the most part, on the day of receipt. These are mostly books deposited by the regular publishers, and include, therefore, not only the greater part of the books deposited, but also nearly all the important books. Of a total of 2312 books received, 568 were of class "a" and 1744 of class "b." Of the 1744 books of this class forwarded from the Copyright Office from November 8 to December 31, inclusive, 1478 were sent up on the day they were received, 214 on the day after, and 25 on the second day after.
